1. Ability groups

Vesiralli has three ability groups:

VESIRALLI #1

Vesiralli #1 is suitable for **children aged 5 to 10**, who have the ability to swim **25 meters continuously**. Vesiralli #1 trains **mainly in the deep pool**. In addition, the child must be able to act independently without the presence of a guardian.

Vesiralli #1 focuses on improving swimming confidence and body control in the water. The focal point is in freestyle and backstroke.

VESIRALLI #2

Vesiralli #2 is suitable for **children aged 5 to 12**, who have the ability to swim **50 meters continuously**. Vesiralli #1 trains **in the deep pool**. In addition, the child must be able to act independently without the presence of a guardian.

Vesiralli #2 focuses on strengthening previously learned skills: improving freestyle and backstroke plus swimming position. In addition the group learns new skills, such as breaststroke and butterfly stroke.

VESIRALLI #3

Vesiralli #3 is suitable for **children aged 7 to 12, who already have previous experience in swimming as a hobby**: f.ex. in a previous hobby group. In addition, the child must be able to act independently without the presence of a guardian.

Vesiralli #3's swimmers can **already** swim **hundreds of meters** during the 60 min training session and **already master the basics of all swimming strokes**. It is possible to later move to a competitive swimming group from vesiralli #3, if the hobby becomes more goal-oriented.

2. Why vesiralli?

Vesiralli is a versatile swimming group. In a fun, yet challenging way children learn the basics of different water sports. Vesiralli aims to teach the fundamentals, such as body control, breathing and confidence in a water environment.

The goal of vesiralli is to create a strong foundation for the future: ensuring the life-saving ability to swim or even continuing swimming as a hobby.

As body control is one of the main goals in vesiralli, this course fits excellently to all children – not just those who swim as their hobby. Moving in the water effectively supports skills, which are also important in other sports.

3. Enrollment

Enrollment for vesiralli groups via Uimaseura Aquila's MyClub-platform, at:
<https://uimaseura-aquila.myclub.fi/flow/events/public>

You can create accounts into the MyClub-platform only after enrollment opens.

On MyClub, every child is enrolled individually with **their own personal account**. If you're enrolling more than one child for vesiralli, make every child their own personal account.

Remember: **the groups' age limits and requirements are absolute.**

In additional information, remember to mention any factors that might affect the child's health or learning during the vesiralli.

NB! Add the guardian's own phone number. This way we can ensure quick communication in sudden situations, such as illness or cancelations.

7. Guidelines for vesiralli

The swimming hall is closed to the public during the lessons. Our personnel wait by the front doors until Vesiralli begins. After this, the doors are closed.

Vesiralli begins with taking attendance outside and ends when children are returned to the same place. **A guardian has to be present during returns.** If a guardian is late, our personnel will stay and wait with the child for their guardian to arrive.

If the child can **independently** come and go from the lessons, fill in “kyllä” (yes) for “lupa itsenäiseen liikkumiseen” when enrolling. If you haven’t filled in “kyllä”, the child will wait for their guardian after the lesson to ensure safety.

Guardians are not allowed inside the swimming hall during the lessons. For any possible “presentation lessons” guardians are informed via email.

A participant will need **a swimsuit, swim goggles, towel, a small sauna towel and personal hygiene products.** A **swimming cap** is optional. We recommend tying longer hair up.

Fill in “permission to photograph” carefully when enrolling: you can follow the progress of the course on our Instagram page [@uimaseura_aquila](https://www.instagram.com/uimaseura_aquila).
